

From the Re-Opening Task Force:

The church's Re-opening Task Group, consistent with CDC and Presbytery advice, emphasizes that regardless of vaccination status wearing masks while gathering inside the building is strongly encouraged.

All individuals are strongly encouraged to mask for their own protection and as an additional layer of protection for those around them. Children masking or not masking for indoor activities is left to the discretion of parents or other guardians.

The Task Group, composed of active elders, at-large members, and members of the church staff, will continue to monitor the situation and meet regularly to recommend any necessary changes.
